

UV Box

Weighing only 4 lbs the Purify-One UV Box delivers effective UV-C disinfection in just 3 minutes.

High grade sapphire quartz optics kill viruses and bacteria found on the surfaces of phones, tablets, keys and other everyday high-touch items. UV Box offers dry and wet item disinfection cycles and features a countdown timer and alert when run cycles are complete.

Install UV Box units around your facility in high traffic areas such as offices, employee restaurants and meeting rooms.

Portable

Weighs just 4 lbs and can be easily moved around a facility
